1. Objective

This policy document supports Joseph Chamberlain College Strategic Plan 2016-19 by outlining the policies pertaining to successful student recruitment, selection and admission on to higher education (HE) programmes.

We aim to ensure that all applications for HE courses are underpinned by the principles of fair admissions otherwise known as the Schwartz Report (2004).

The five Schwartz principles state that a fair admissions process should:

- Be transparent
- Enable HE providers to select students who are able to complete the programme as judged by their achievements and potential
- Strive to use assessment methods that are reliable and valid
- Seek to minimise barriers for prospective students
- Be professional in every respect and underpinned by organisational structures and processes.

2. Scope

This document sets out the principles and practices of the recruitment, selection and admissions policy that applies to all applications for prescribed HE (HEFCE funded) courses received by the College. This includes the following awards at level 4 and 5, 6; HNC and HND. Students on such courses may be attending full time or part time.

In providing HE the College works with the following organisation:

- Pearson

The college will build links with other universities to provide progression routes for HE Students.

For the purpose of this document, and as stated in Chapter B2 of the QAA Quality Code, recruitment, selection and admission includes:

- Recruitment activities to help prospective students make informed decisions about whether they wish to undertake study within HE and, if so, where, how and what they might wish to study
• Procedures employed by Joseph Chamberlain College to select suitably qualified prospective students for particular programmes
• Joseph Chamberlain College’s decision making processes and subsequent communication with both successful and unsuccessful prospective students.
• Ways in which Joseph Chamberlain College will support those who receive and accept offers of a place to make the transition from prospective student to current student.

Initial screening of the application is undertaken by the Admissions team. Applicants will receive acknowledgment of receipt of their application within one working day of its arrival in the Admissions office and those who do not meet the minimum requirements will receive an appropriate communication within two working days of receipt of their application. Prospective students are encouraged to register
their interest in the event online and are welcome to bring friends and family members with them.

6.3. The open events provide prospective students with an opportunity to view the College campus and the available facilities. 7.4 Course entry requirements are published on the College website, in the prospectus and on the UCAS Search Tool. Entry requirements are reviewed annually and updated at the request of the Curriculum teams, prior to the opening of the relevant admissions cycle. Prospective students and applicants wishing to seek further guidance regarding entry requirements are advised to contact the Admissions team. Competition and Marketing Authority (CMA) compliance is ensured by the Marketing team.

7.5 Maintaining the website and prospectus is the responsibility of the Marketing team. Requests for information to be provided in alternative formats, such as large print or braille, are forwarded to the Marketing team, who will arrange for the provision of the requested format.

7.6 The course profiles featured in the UCAS Search Tool are maintained by the Admissions Team. KIS data is maintained by the MIS Information Services department, which the Admissions team sits within.

7.7 In some cases it may be necessary to make changes to course profiles after the publication and distribution of printed materials.
The Marketing team ensure that necessary changes are made to the website and the Admissions team communicate the change to affected applicants.

8 **The Application Process**

Application routes for HE programmes at Joseph Chamberlain College vary.

- Internal online course applications may be made or applications may be made online through UCAS. Where an applicant applies late in the summer a direct application may be accepted but the applicant’s details will be registered with UCAS upon their enrolment, in accordance with UCAS’s Record of Prior Acceptance process

8.1 The Admissions team provide IAG on the application process and the assessment methods used in determining eligibility for an offer. Receipt of an application triggers production of an acknowledgement letter containing further information and next steps. This is sent within one working day of receipt of the application. Admissions are the main point of contact throughout the application process.

8.2 The Admissions team provide IAG on the application process and the assessment methods used in determining eligibility for an offer. Receipt of an application triggers production of an acknowledgement letter containing further information and next steps. This is sent within one working day of receipt of the application. Admissions are the main point of contact throughout the application process.

8.3 All applicants are logged on the College’s Management Information System, REMS, which is used to track applicant history and progress from initial enquiry through to enrolment. All letters sent to the applicants can be tracked through this system and reproduced if required. Applicant data is logged and managed in the same way regardless of the course applied for. Paper-based application files are produced for use by the interviewing course team.

8.4 Working in accordance with UKCISA guidance, Admissions identify the need to fee assess applicants’ eligibility for Home fee status. Where an applicant declares that they are not an EU National, they are asked to complete and return a Fee Assessment Questionnaire prior to receiving an offer. Where the assessment is unclear, Admissions consult the UKCISA advice line for further guidance. Students who are assessed as overseas fee payers are informed via a standard letter from Admissions and a separate file is created to
record evidence of the assessment, details of any offer and payments, as well as any other communications.

8.5 Where an individual has made multiple applications, they will receive equal consideration for each course. Applicants are permitted to apply for the same course in multiple years, however, courses that adhere to external professional standards, such as Advanced Practice in Early Years Education, may choose to limit the number of times an individual may apply. This is made clear in the pre-application information on the College website, where applicable.

8.6 Entry requirements
a. Individuals applying for any HE course at Joseph Chamberlain College must meet the entry requirements. They must submit a personal statement with their application and be prepared to provide an academic or employer reference upon request. Course-specific entry requirements can be found on the course search of the College website.

b. A designated senior leader may waive the required level 3 qualifications specified in 8.6a (above) in the case of non-traditional or mature applicants. When an applicant presents with non-standard qualifications, their personal statement, work experience and reference is used to determine whether or not to take them forward to the next stage of the process. This is assessed on a case-by-case basis in light of the course-specific entry requirements.

c. Recognition of Prior Experiential Learning (RPEL) may be considered for entry to programmes. See section 8.20 for further information.

8.7 Interviews and Auditions
a. On occasion applicants may be invited to attend an interview/audition with a member of the curriculum team.

b. Applicants are made aware of their interview/audition date and process by a letter sent by the Admissions team. It is the intention of the College to provide two weeks’ notice of the interview appointment. In cases where this is not possible, applicants will receive a telephone call, subsequently confirmed by email.

c. Interviews are conducted by representatives of the curriculum team who teach the course the applicant has applied for. The
interview follows the set structure for that particular programme and is conducted by someone who is able to speak about the course in detail. The interviewer ensures that the interview is conducted in an appropriate environment and that the applicant is given the opportunity to speak confidentially.

d All interviews are conducted in line with the College Equal Opportunities Policies. Applicants seeking reasonable adjustments to their interview/audition are invited to contact the Admissions team upon receipt of their interview/audition letter. The Admissions team will communicate the adjustment request to the interviewing tutor, who will liaise with the applicant and Learning Support regarding their needs. In order to allow sufficient time to make arrangements, the applicant’s request must be referred to Learning Support at least two weeks in advance of their interview.

e The College is open to conducting interviews via Skype, or similar video conferencing, when travel to an interview is impractical for the applicant. Auditions can be recorded and uploaded to the internet using a medium such as Youtube or DropBox. Portfolios can also be viewed online if required.

f The College reserves the right to insist on interview attendance for courses that must adhere to outside regulatory bodies and professional standards. However, every effort will be made to ensure that all stages of the interview process are conducted on the same day for those whom multiple journeys are impractical.

8.8 Joseph Chamberlain College does not use national admissions test to select learners. However, applicants may be required to complete literacy, numeracy and/or comprehension tests as part of the interview process. Some programmes also require completion of a group exercise. Applicants will be made aware of the content of any tests and assessments, as well as any preparation that is required, in their interview letter.

8.9 Programmes that require disclosure of criminal convictions request that the applicant complete a Disclosure and Barring Service (DBS) check. The relevant programmes will do this in one of two ways:

a Applicants applying for a programme that require a mandatory external work placement with vulnerable people, such as Early Years, are required to present their workplace DBS check at their interview.
b Applicants applying for a programme where the work placement with vulnerable people is arranged by Joseph Chamberlain College are asked to complete and pay for a DBS as part of their enrolment/induction process. Applicants are made aware that continuation on their programme of study is subject to the return of a satisfactory DBS check. To ward against withdrawing students post-enrolment, applicants are asked to complete a self-declaration as part of the interview process. The purpose of this is to allow any issues arising to be explored before an offer is made. Applicants are made aware of the need to complete and pay for a DBS check in the pre-application information on the College website, in their interview invitation and in their offer letter.

8.10 Decision-making and Offers

a Applicants who do not meet the minimum entry requirements are offered an interview for an appropriate alternative, where such an alternative exists. This will not necessarily be a HE course.

b It is not policy to routinely give reasons for rejections. However, any applicant seeking rejection reasons or interview feedback should contact the Admissions office. Applicants can expect to receive an initial response to their feedback request within two working days of that request being received. Where additional information must be sought from the relevant curriculum team, the timescale extends to ten working days from receipt of the request. Feedback requests from third parties are not accepted. Applicants are welcome to speak to an Admissions Officer for advice and guidance regarding the qualifications and experience that will lead to a successful course application in the future.

c Interview outcomes are decided by the interviewing curriculum team. Applicants can expect to receive communication of the decision within five working days of completion of the full interview process. The exception to this is courses where it is necessary to convene a review panel to confirm application decisions. Applicants are given an expected decision date by the Curriculum/Course Leader at the conclusion of the interview process.

d All application outcomes are communicated to the applicant in a letter sent by the Admissions office. Applicants who have applied through UCAS, can also see their offer or rejection on UCAS Track. Offer letters list each condition (if applicable) of the offer and state when the conditions must be met by. Applicants who do not understand
the conditions of their offer should contact the Admissions team for clarification.

e Offers are made in line with published entry requirements. However, the College may issue a non-standard offer to learners who do not meet the standard entry requirements but are able to evidence their eligibility for the programme through other means, such as work experience.

f Offered applicants enter into a contract with the College at the point of accepting their offer. Applicants are invited to read the College’s Terms and Conditions, which are contained in a PDF file on the College website, before accepting their offer. Applicants who have applied through UCAS are required to accept or decline online via UCAS Track. Applicants who have applied directly to the College are asked to email the Admissions team with their reply. In both cases the offer and applicant decision is recorded on the College’s Management Information System. Applicants are advised that by accepting an offer, they are agreeing to the Terms and Conditions.

g Applicants who accept their offer have the standard 14 days cooling off period, during which time they can terminate their contract either by changing their decision on UCAS or contacting the Admissions office. Applicants wishing to terminate the contract after the 14 day period should refer to the HE Terms and Conditions of the Student Contract, which is provided with their offer letter.

8.11 Joseph Chamberlain College collect as many exam results as possible online through UCAS’s Awarding Body Linkage (ABL). Where results are not available through the ABL, or the applicant has not applied through UCAS, the applicant is required to submit evidence that conditions have been met to the Admissions office by the deadline given in the offer letter. Scans and emails of qualifications are accepted by the Admissions team but the original certificates/results slips must be presented to the curriculum staff at enrolment.

8.12 Confirmation decisions are processed in accordance with the deadlines specified in the UCAS Admissions Guide. Applicants can access these deadlines on the UCAS website. Applicants will be notified of their Confirmation decision via UCAS Track.

8.13 Successful applicants receive a letter from the Admissions team, inviting them to enrol at the main campus before the start of classes. The purpose of the enrolment session is to allow the curriculum teams to check that all offer conditions have been met and to process the necessary data and fees required to fully register the learner on their programme. The session also provides the learners with the
opportunity to ask the curriculum teams any final questions before enrolling and completing their registration on the programme

8.14 Where applicants have not met their offer conditions, the Admissions team do not automatically process a Confirmation Rejection. Instead, the applicant’s information is referred to the Curriculum/Course Leader for further guidance. It may be necessary to contact the applicant to obtain contextual information or ascertain if admission on to the programme can be granted by an alternative means. Applicants who cannot be admitted on to their chosen programme may be offered a place on a suitable level 3 course if they meet the relevant entry requirements

8.15 Joseph Chamberlain College’s ability to make Confirmation decisions is dependent on applicants demonstrating that they have met their offer conditions by the deadline specified in their offer letter. Applicants who cannot demonstrate that they have met their offer conditions due to an unforeseen delay, or the loss of a document, should contact the Admissions team. The Admissions team will contact the relevant curriculum team to obtain further guidance regarding the applicant’s next steps.

8.16 Applicants who have applied to Joseph Chamberlain College directly do not receive confirmation decisions prior to their enrolment appointment. Applicants who are concerned that they cannot meet their conditions should contact the Admissions team for further guidance

8.17 Information regarding programme start dates, inductions and timetables is provided in the applicant’s enrolment invitation letter. When this information is not available at the time of sending the letter, it will be provided to new students at the enrolment session. Induction packs, the Student Handbook, the Programme Handbook and Academic Regulations and reading lists can be accessed on the College’s Virtual Learning Environment (VLE), called JCC Connect.

8.18 **Clearing and Adjustment**

a Joseph Chamberlain College is happy to consider new applications through UCAS Clearing and UCAS Adjustment. In both cases, applicants are expected to demonstrate that they meet the standard course entry requirements and complete the full interview/audition process, just as if they had applied through the UCAS main scheme.

b Joseph Chamberlain College is bound by the terms of the UCAS code of practice and application procedure. Applicants are therefore
required to ensure that they are eligible for Adjustment or Clearing before contacting the Admissions team and will be asked to provide their UCAS Personal ID number if they wish to be considered for a programme.

c Adjustment and Clearing offers will be detailed in an offer letter sent by the Admissions team and will be visible on UCAS Track. The student contract is formed at the point the applicant accepts the offer by adding Joseph Chamberlain College and the relevant course choice to their profile on UCAS Track.

8.19 Deferred entry

a Joseph Chamberlain College is happy to accept applications for deferred entry for all HE programmes. Potential students may declare their wish to be considered for deferred entry in two ways: (i) by indicating on their (UCAS) application form that they wish to apply for deferred entry, or (ii) by contacting the Admissions team to request deferred entry after receiving their offer but prior to commencing the programme.

b In both (i) and (ii) above, applicants must complete the full application process and meet the conditions of the offer made to them by the deadline given in the offer letter in order to secure a deferred offer.

c Applicants who wish to defer after receiving their offer, must send their request in writing to the Admissions team, who will seek permission to defer from the curriculum team before responding to the applicant’s request. Confirmation of a deferred offer breaks any contract formed on the basis of a previous offer.

d Deferral requests may be refused if the curriculum team anticipate changes to the course entry requirements or programme details in the next admissions cycle. Applicants wishing to challenge a refusal may do so through the appeals process (see section 15).

e Applicants are permitted to defer their offer for one academic year only. The Admissions team will contact deferred applicants in the spring of the following admissions cycle to reissue the deferred offer and request confirmation of acceptance by a specific date. Acceptance forms a new student contract.

8.20 RPEL

a Recognition for Prior Experiential Learning (RPEL) may be accepted as a means of meeting entry requirements.
b The College does not currently recognise prior certificated learning (RPCL) for qualifications and/or HE credits that have been achieved previously for advanced standing and all students are expected to undertake all of the required programme modules.

8.21 Document Verification and Fraud
a Applicants should be aware that UCAS routinely screen applications for false, misleading and/or missing information, and personal statements for patterns of similarity. UCAS’s Fraud and Similarity Detection service will notify both the applicant and the College if an application is found to contain evidence of fraud or plagiarism. UCAS’s aim in completing this exercise is to “avoid anyone gaining from an unfair advantage and securing a place by deception”.

b Notifications from UCAS’s Fraud and Similarity Detection service will be forwarded by the Admissions team to the relevant curriculum area, alongside the rest of the application form and related documents. Where a personal statement has been flagged for containing similar sentences to other personal statements, the curriculum team will take this into consideration when assessing the application. Applicants should be aware that significant evidence of fraud or plagiarism will result in the application being rejected.

c All applicants, regardless of whether they applied through UCAS or directly to the College, are asked to produce their original qualification certificates and transcripts at their selection interview/assessment/audition. Applicants who cannot provide original documents during the selection process will have production of the required documents stipulated as a condition of their offer. Any applicant who does not produce the documents by the enrolment date given will not be permitted to enrol on the programme.

d Applicants who supply false qualification documents will have their application rejected.

e References submitted in support of the course application should be provided on the UCAS application form or sent directly to the Admissions office on official letter-headed paper or from an official email address. References that are not provided in the required format will be not accepted. If either the curriculum team or the
Admissions office feels that a reference may not be genuine, the College will verify the reference by contacting the referee using the contact details provided. Should it emerge that the reference has been falsified, the application will be rejected.

f Where an application is deemed to be fraudulent, the College reserves the right to pass information to interested parties which may include, but is not restricted to; UCAS, the Student Loan Company, the Health and Care Professionals Council (HCPC)

g Applicants who wish to appeal the decision to cancel an application on the basis of fraud, may do so through the Admissions Appeals and Complaints process. Please see section 15 of this document for further information.

9 Mature and young applications

9.1 Joseph Chamberlain College welcomes applicants from of all ages and makes no distinction between 'standard age' and 'mature' applicants when assessing applications.

9.2 Courses that require work placements with young and/or vulnerable people, restrict the minimum age at the point of entry to 18 years old. This course is Early Years.

9.3 Other courses will assess learners under the age of 18 at the point of entry on a case by case basis.

9.4 This is no upper age limit on applicants. However, applicants wishing to undertake one of the courses listed in 9.2 will be asked to consider whether or not their health places any restrictions on their ability to complete the mandatory placements.

10 Care Leavers

10.1 Joseph Chamberlain College is committed to supporting students who are care leavers. Such students can access financial and pastoral support through the Student Services team and should contact the team for further help and advice.

11 Applicants with disabilities or specific learning needs.

11.1 Joseph Chamberlain College is committed to welcoming applications from prospective students with disabilities or specific learning needs. All applicants are given equal consideration on the basis of their academic merit and potential.
11.2 Information about disabilities and specific learning needs is collected both on the UCAS application and the direct College application. This information is used to assist in identifying support needs but does not contribute to the academic decision over whether to make the applicant an offer.

11.3 Learning Support work with the relevant curriculum team to establish the demands of the programme and consider the applicant’s support needs in light of the programme content.

11.4 Applicants declaring a disability or specific learning need can expect a response from Learning Support within 15 working days. Depending on the nature of the declaration, applicants will be contacted either by post or telephone in the first instance. A meeting with a member of the Inclusive Learning team will be scheduled if the initial contact reveals that one is required. Such instances may include, where an applicant has multiple disabilities or difficulties, where an applicant requires further assessment of their needs, or where the applicant may need to apply for DSA.

11.5 Any applicant or student requesting special arrangements relating to exams or assessments must engage Learning Support for assessment of their eligibility for such arrangements.

11.6 Applicants may request special arrangements for their application interview and assessment. Reasonable adjustments will be made on an individual basis and may vary according to the chosen programme of study. It may not be reasonable to accommodate all requests for special arrangements, particularly if such an arrangement would mask or skew the curriculum team’s ability to assess the applicant’s academic potential. In addition to this, in the case of a course where a mandatory work placement is required, it is the responsibility of the curriculum team to determine whether or not applicants are capable of completing training for their desired career, in light of the fact that not all types of support are available in the workplace. This may mean that it is inappropriate to provide certain types of support to applicants during the student selection stage.

11.7 The College will only enrol applicants where it has been determined that reasonable adjustments can be made to ensure that adequate support is in place.

11.8 The Inclusive Learning Team Leader will review the practice of the Inclusive Learning team on an annual basis.
12 Applicants declaring criminal convictions

12.1 Joseph Chamberlain College is committed to equal opportunities and aims to provide a supportive and positive environment, however the College also has a responsibility to provide a safe environment for its staff, students, visitors and local community. Therefore all applicants seeking admission into Joseph Chamberlain College are required to declare any unspent criminal convictions or pending court cases as defined in the Rehabilitation of Offenders Act 1974. There is no requirement to disclose spent convictions.

12.2 The UCAS application form and the College application form both ask applicants if they have any criminal convictions. The details of applicants who declare that they have a criminal conviction are referred to the premises support team by the Admissions team. The premises support team will discuss the application with a safeguarding, prevent and operations panel. It may be necessary to contact the applicant for further information and complete a risk assessment using background checks with relevant agencies, including the Police, by means of an Information Sharing Agreement.

12.3 The purpose of such checks is to assess whether the applicant poses a significant risk to learners or staff at the College. Risks can be categorised under Safeguarding, ‘Prevent’, security awareness, or other risk. The College Safeguarding team is responsible for considering various elements in order to determine the overall risk posed by a potential learner and making a recommendation to the Principal. The Principal will then make a final decision based on the evidence presented. Where it is established that the applicant poses an unacceptable risk, their application will be withdrawn.

12.4 All applicants should note that failure to declare information about a conviction or pending court case or supplying untrue or inaccurate information about a conviction or pending court case may lead to your offer of a place or enrolment on the course to be withdrawn at any time.

12.5 If an individual is unsure if their conviction is spent and should be declared they should get advice from the appropriate agency e.g. Youth Offending Team or Probation Service, or visit the online calculator www.disclosurecalculator.org.uk or www.unlock.org.uk for up to date advice.

12.6 Paragraph 8.9 above, describes how individual courses manage DBS checks and criminal convictions declarations within the context of programme entry requirements and offer making.
13 Changes to and discontinuation of programmes

13.1 Joseph Chamberlain College makes every effort to ensure that programmes are run in accordance with the information provided in both pre-application information and at the point of offer and acceptance, when the student contract is formed. However, there may be occasions when it is necessary to change a programme or discontinue it altogether. The options available to an applicant in such circumstances will vary depending on whether or not the applicant has accepted an offer.

13.2 Changes to programmes

- Applicants who apply for a programme on the basis of information that has substantially changed are made aware of the changes at their selection interview. The course curriculum team explain the details of the programme and respond to any applicant queries. If the interviewing tutor is aware of any possible future changes at the time of the interview, they are required to make the applicant aware at that time. The applicant is told what the changes are likely to be and when they will be finalised.

- Where a change is made to a programme after an offer has been accepted, affected applicants are notified in writing by a letter sent by the Admissions team, containing course information provided by the curriculum team. Such applicants are given the option to withdraw their acceptance, thus releasing them from the student contract. UCAS applicants can withdraw their acceptance within 14 days of making their initial decision. After 14 days they should contact the UCAS Contact Centre for assistance.

- Changes to programmes are most likely to occur when the programme is subject to validation or re-validation. Marketing materials will clearly identify such programmes.

13.3 Discontinuation of programmes

- Applicants who apply for a programme that is subsequently discontinued are notified in writing by a letter sent by the Admissions team. Applicants have the option to apply for an alternative programme at Joseph Chamberlain College or withdraw their application altogether, thus releasing them from the student contract. Applicants who choose to apply for an alternative programme must meet the entry requirements specific to that programme in order to receive an offer.

- UCAS applicants wishing to substitute the discontinued course choice for a choice at an alternative institution can do so prior to 30th June
by contacting the UCAS Contact Centre. After 30th June, UCAS applicants may need to seek an alternative institution through the UCAS Clearing system.

13.4 Support available to applicants

Joseph Chamberlain College will support applicants in determining their next steps in the light of any changes to programmes or discontinuation of programmes. Where an applicant is holding an offer, Joseph Chamberlain College will assist them in securing an alternative place either internally or at another HE provider. Such assistance includes, contacting UCAS, using the UCAS course search and contacting Admissions offices at alternative HE providers.

13.5 Terms and Conditions

The circumstances under which it may be necessary to make changes to a programme or discontinue a programme, are stated in the Terms and Conditions of the Student Contract. Terms and Conditions are made available to applicants at the point of offer.

14 Appeals and Complaints

14.1 Joseph Chamberlain College is committed to the fair and professional handling of appeals and complaints. Applicants can find the HE Complaints Procedure on the Admissions section of Joseph Chamberlain College website. Applicants’ attention is also drawn to these procedures in the offer and rejections letter.

14.2 An appeal is a request for a formal review of an admission decision or the wording/conditions of an offer. An appeal can only be lodged after the application decision has been made.

14.3 A complaint is a specific concern relating to a procedural error, irregularity or maladministration in the selection and admissions procedures or policy. It may also include an expression of dissatisfaction about the College’s action, or lack of action, or about the standard of service provided by the College. A complaint can be lodged at any stage of the admissions process.

14.4 Applicants wishing to make an appeal or complaint have up to 10 working days after the disputed occurrence to make written representation to the Admissions office. Full details of the procedure and associated deadlines can be found in the full policy and procedure document.
